FDA Status

Pinnacle's 2180HX4 polypropylene as marketed by Pinnacle Polymers Company, in natural, uncolored pellet form is covered under US FDA Food Contact Notification 864.

As such, this polymer can be used in contact with all food types under Conditions of Use A-H, as described in 21 CFR 176.170, Tables 1 and 2. This polymer also complies with 21 CFR 177.1520(c), items 3.1(a) and 3.2(a).

It is, however, the responsibility of the customer to determine that the products fabricated from this material are acceptable to the FDA for use in their intended applications.

Pinnacle Polymers makes no warranty of merchantability and there is no warranty that materials shall be fit for any particular application. Users should make their own independent evaluation whether a Pinnacle product is suitable for a specific end-use. No one is authorized to assume any warranties on behave of Pinnacle without written agreement from an authorized Pinnacle employee. Pinnacle limits it liability to either replacement of non-performing material, or payment not to exceed the cost of the polypropylene supplied plus transportation charges
