This warranty document is valid for LVT vinyl plank & tile floors and accessories from BerryAlloc. The limited warranty can only be invoked if all conditions below are duly and correctly fulfilled. When there is any doubt, you can contact the retailer, distributor.

1. The limited warranty is only applicable to the first installation by the original customer. The limited warranty is not transferrable. The original customer is the customer mentioned on the purchase document as the buyer.
2. The limited warranty is applicable to all LVT products to the extent that they are purchased after the edition date of this document.
3. The limited warranty is not applicable to defects visible prior to or during the installation. Floorboards and accessories need to be checked for visible defects prior to and during the installation under optimal lighting. When visible defects are present prior to installation, the distributor needs to be informed. Hereafter, such complaints will not be accepted. A claim for visible defects must be submitted before installation. Claims for visible product defects after the installation of the products are hereby explicitly excluded.
4. The product should be installed and maintained in accordance with the installation and maintenance instructions from BerryAlloc relevant on the purchase date. The installation manual can be found on the website (www.berryalloc.com). If the installation was performed by a professional company, this company is obliged to refer the end user to the installation guide and the warranty document.
5. The limited warranty is only valid and can only be claimed to the extent that the product was installed in areas that correspond with its intended use, and in accordance with the usage classification referred to on the packaging. A description of the different usage classifications can be found on the website of the ERFMI (<https://erfmi.com/resilient-products/product-classes/>).

Exclusions and limitations to the limited warranty

In addition to any warranty limitation enumerated above, the following exclusions, limitations, and terms apply to this limited warranty:

1. Failure to follow the instructions in the installation manual before, during, and after the installation. (For example damage due to moisture in the subfloor.)

For the protection of the product, white furniture clear felt pads, suitable, non-rubber doormats, and soft wheels or protective mats under castor chairs must be used.
3. The limited warranty of the product only applies to defaults inherent to the product delivered. Meaning that the limited warranty does not cover damage to the product caused by:
